Randall County Courthouse Restoration Project

In 2010, the exterior restoration of the Randall County Courthouse was complete. With the addition of new landscape of the public space, Canyon has created a "sense of place". Since the restoration of the courthouse, the square in Canyon has experienced a resurgence. The project was the catalyst in helping the downtown square to thrive and become a destination.

The Brick Project was a fundraiser. It also was a way for the community to become involved. There are approximately 250 personalized bricks available.
